

Politics for information security

Through this information security policy, the CEO of STM "SVETI PANTELEIMON" EOOD declares that the company maintains a consistently high level of information security in all its activities. STM "SVETI PANTELEIMON" EOOD is committed to fulfilling the requirements of ISO/IEC 27001:2022, including the added requirements of ISO/IEC 27701 and to continuously improve all its policies and procedures for protecting information security.

The company strives to achieve the following information security goals:

- To maintain the trust of all individuals and organizations who provide and share their information with it;
- To ensure the continuity of its processes and protect the confidentiality, integrity and availability of all data, documents and technologies within the scope of its activities;
- To maintain ongoing compliance with applicable regulatory requirements for information security.

The company is committed to:

- To protect the information it creates, processes, collects and stores from misuse, loss, damage, interruption, interference or unauthorized disclosure;
- To strive to meet the expectations of its stakeholders regarding information security;
- To require its employees and partners to comply with information security requirements and good practices;
- Implement and continuously improve its policies and control mechanisms in accordance with ISO/IEC 27001:2022, including the added requirements of ISO/IEC 27701;
- To maintain and improve its Information Security Management System and to provide resources to achieve information security objectives.

The approach to achieving the strategic goals described above is based on continuous investment in new and secure technologies, effective processes and employee skills, with the need for measures being determined through a continuous risk assessment process.

This policy is available to all employees and stakeholders. The company's employees are expected to pay special attention to protecting information security and to perceive the important role that each of them has in maintaining the effectiveness of the information security management system.

AS THE CEO OF STM "ST. PANTELEIMON" LTD., I DECLARE MY PERSONAL PARTICIPATION AND RESPONSIBILITY FOR IMPLEMENTATION OF THE DECLARED INFORMATION SECURITY POLICY.

Dr. Vladimir Kostov
